Mr. Senellart takes over as CEO of SYSTRAN SA

Paris, France, 01 July 2015 - *SYSTRAN announced today the appointment of Jean Senellart as CEO of SYSTRAN SA.*

SYSTRAN SA's Board of Directors met on June 23rd 2015 and voted to appoint Mr. Senellart as CEO. With this appointment, SYSTRAN intends to reinforce and strengthen its position as a world leader in Natural Language Processing technologies.

A graduate of Ecole polytechnique and holding a doctorate degree in Computational Linguistics from the University of Paris VII-LADL, Jean Senellart began his career as a researcher and taught at both École polytechnique and the University of Marne-la-Vallée. He joined SYSTRAN in 1999 as a project manager before taking over as head of product development. Since 2014, Jean Senellart has acted as Global CTO of the SYSTRAN group.

While maintaining his position as head of Research and Development for the entire SYSTRAN group, Mr. Senellart's key responsibilities as CEO are two-fold: further accelerating SYSTRAN SA's growth by opening new markets and creating new momentum within the company.

⑨ About SYSTRAN

For over four decades, SYSTRAN has been the market leader in language-translation products and solutions, covering all types of platforms, from desktop to internet and enterprise servers.

To help organizations enhance multilingual communication and increase productivity, SYSTRAN delivers real-time language solutions for internal collaboration, search, eDiscovery, content management, online customer support and e-Commerce.

With the ability to facilitate communication in 130+ language combinations, SYSTRAN is the leading choice of global companies, Defense and Security organizations, and Language Service Providers. SYSTRAN is also the official translation solutions provider for the S-Translator, a default-embedded app on the Samsung Galaxy S and Note series.

Since its early beginnings, SYSTRAN has been pioneering advances in machine translation and Natural Language Processing. Its latest achievement, a new-generation Hybrid MT, combines the predictability and language consistency of rule-based machine translation with the fluency of statistical MT.

SYSTRAN is headquartered in Seoul, South Korea; Paris, France; and San Diego, USA.
